## Antiseptic Carbon Brick

### 1,Description of Antiseptic Carbon Brick:

The antiseptic carbon bricks produced by our company use high quality graphite carbon materials. Adding acid resistant organic complex. It is refined by high pressure molding, vacuum impregnation and high temperature heat treatment. With extraordinary acid and temperature resistance, It is an ideal lining material for phosphoric acid reaction tank and phosphoric acid storage tank in chemical industry.

### 2,Index of Antiseptic Carbon Brick:

ITEM	UNIT	Impregnated graphite carbon brick
Capacity	g/cm <sup>3</sup>	1.6-1.9
Compressive strength	Mpa	>59
Tensile strength	Mpa	>12.5
Maximum service temperature	°C	200
Anti permeability (water pressure is not transparent)	Mpa	0.8
Impregnation depth	mm	≤20

### 3,Product characteristics:

# ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

---

## **1).excellent corrosion resistance**

The products use excellent graphite carbon materials, add acid resistant organic compounds, effectively reduce the porosity of products, improve the volume density of products, so the products have excellent anticorrosion performance and strong wear resistance.

## **2).The performance is stable and the durability is strong.**

High strength organic glue is used as binder and high technology additive is introduced at the same time. Therefore, the product has great strength, good wear resistance and very stable structure, and the structure of products does not change with the change of temperature.

## **3).Accurate dimensions**

The products are molded by molding, and the products are of good quality and precise dimension, and can produce special products according to the requirements of users.

4.Good feedback of product use effect,the products have been exported to Pakistan, Oman, Mexico

5.We are a professional supplier, who can provide customers with free product technology, use and other issues.

**Do you want to find a professional supplier of refractory products?**

**Do you want to find a professional supplier of graphite electrodes?**

**Do you want to find a stable and credible supplier?**

**Then let's contact with jinggan company**
